

Soaring to Awesome: Turd Throwers Beware

Filesize: 7.08 MB

Reviews

This ebook could be worthy of a read through, and far better than other. I am quite late in start reading this one, but better then never. I realized this publication from my dad and i advised this publication to learn.

(Stefan Von)

SOARING TO AWESOME: TURD THROWERS BEWARE

BookBaby, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. The polite dominant entrepreneurial delusion is that you can create your dream and reach it with hard work. Sounds good, right? You know better because you have tried and been attacked, and the attack did not feel good. It hurt. You were stopped. Increasingly, getting your team to the innovative dream is blocked by turd throwing (TTing) bullies, weasels, and abusers; all active members of the status quo, self-appointed as responsible for fighting change. When they throw turds, they mean to harm and stop you. Up until now, sadly, they normally win, and stop you. NOT ANYMORE #150; YOU HAVE A SHIELD! This is a positive innovation change story of success deflecting TTers and achieving your desired result. If you give in and placate the harmful TTing members of the status quo, you will be blocked for a long time or forever. You will become just another member of the status quo, and you will be under close watch, so you do not attempt change again. Fight the TTing bullies (TTers), and you will be ostracized and intentionally hurt, and most probably banned from the status quo, even though you may have been successful in improving the status quo with your positive and helpful actions. The TTers in the status quo do not give you any choice#151;do what they say, or you are banned. They stop constructive dialogue and impose TTing on the group, stopping any dialogue or progress. But you love the status quo, and you want the best for them. You want to make transformation and change for the better. Now, TTers beware. Creatives, change agents, people of difference, transformation leaders, and innovators have new approaches to deflect the negativity...
