Adonis Abbey Publishers Ltd, United Kingdom, 2008. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book. China s economy is growing quickly, and is innovation-led. Europe can relate to China through joint RD, programmes which offer an alternative vehicle of engagement to the traditional political and economic approaches. Innovation in China: The Dawning of the Asian Century promotes an awareness of the dynamics of innovation in China. It examines Chinese and European approaches to science and technology and contends that the rules for survival in RD and education are changing in favour of China, in terms of base RD parameters such as research expenditure, scientists trained, papers published and patents awarded. The authors recommend options for Europe and China to connect through longitudinal RD projects and carousel-training exchanges in environmental and health related fields. Greg MacDonald works in Latvia on an EU proposal to connect European Science Parks with China. He has worked as a professor, researcher and project manager with the Stockholm School of Economics, Copenhagen University, International Labour Office, Geneva, Sydney University, the Royal College of Surgeons in Ireland, and on several EU projects in Russia and Kazakhstan. Yow Yit-Seng lives in Australia where he has served as a member of the Governing Council of Central TAFE, technical college in Perth. He helped to establish the first Australian college in China, in Hefei, Anhui province. Dr. Yow has witnessed evolution and revolution in Chinese innovation and technology since the early 1980s, when he was business development manager of the Malaysian company, Teck Seng Machinery. He is the author of the book *The Chinese dimensions - Their Roots, Mindset and Psyche*. Li Xing was born in China and moved to Denmark in early 1988. He is currently Associate Professor and Senior Research Fellow affiliated...
