

A Surgeon's Little Instruction Book

By Daniel Waters

Quality Medical Publishing Inc. Paperback. Book Condition: new. BRAND NEW, A Surgeon's Little Instruction Book, Daniel Waters, We've all had "one of those days." Yet, even under the most stressful conditions, humor seems to find its way through-at times it's even sharper than your surgical instruments! Dr. Waters was asked by hundreds of readers of his first book, A Heart Surgeon's Little Instruction Book, to create a similar work for all surgical specialties. He responded to the request by assembling a stunning collection of the best one-liners from hundreds of colleagues around the world. Here's a sampling of this book's humor and advice: * Recognize when a referral is just someone wanting his or her problem to become your problem. * Never let a published article stand in the way of common sense. * Your percentages of body fat and moral fiber should never approximate each other. * Be wary of colleagues who are more conversant with their billings than they are with their clinical results. * Start each case with a clear conscience and an empty bladder.

Reviews

This book will never be straightforward to start on reading through but quite enjoyable to learn. Better then never, though i am quite late in start reading this one. Your lifestyle span will probably be convert once you complete reading this publication.

-- **Dr. Kadin Hane DVM**

This publication may be worth purchasing. it was actually writtern quite flawlessly and valuable. I am just happy to tell you that this is actually the very best book i actually have study inside my personal life and can be he best ebook for actually.
