GRID CODE TESTING BY VOLTAGE SOURCE CONVERTER

LAP Lambert Academic Publishing Aug 2012, 2012. Taschenbuch. Book Condition: Neu. 211x149x10 mm. This item is printed on demand - Print on Demand Neuware - The wind power penetration is increasing tremendously. To integrate this huge amount of energy contribution from wind farms into our current electrical system is a big challenge for both power system planners and operators because of different behavior of wind power plants than the conventional power plants. It is required from the wind power plants that...

Reviews

This ebook is definitely not simple to begin on reading but really enjoyable to read through. This really is for all who state that there had not been a worth reading. You may like how the author publish this ebook.
