Industrial Growth at Savar Municipal Area in Bangladesh

By Atiur Rahman

LAP LAMBERT Academic Publishing. Paperback. Book Condition: New. Paperback. 76 pages. Dimensions: 8.7in. x 5.9in. x 0.2in. If the world is viewed as an integrated whole, the industrial revolution of the 18th century brought about a radical transformation in economic activities. Industry is the symbol of modern or developed life and industrial growth is a process through which people get the embodiment of this condition. Bangladesh is a poor and agriculture dependent country but there has a bright future to develop the economic sector through industrial development. Now-a-days industry is not only the matter of socioeconomic development but also has a great influence to our environment in different issues e. g. carbon emission, land pollution, water pollution etc. Other-hand, environment-friendly industrial growth can ensure the sustainable development of a region or a country of the world. So, we have to ensure the industrial growth and development through proper planning and management to make green environment and rich economic development. This item ships from multiple locations.
