Watkins Media, United Kingdom, 2010. Paperback. Book Condition: New. 216 x 135 mm. Language: English . Brand New Book. Homoeopathy is an extraordinarily powerful system of health care because of its ability to treat people on all three levels - body, mind and spirit. While orthodox medicine treats the physical body, there are frequently mental, emotional and spiritual blocks that might inhibit a patient s recovery. Homoeopathy treats the whole person, taking into account their personal history, environmental factors both current and historical, and their hereditary propensity to be vulnerable to particular illnesses or conditions. The practitioner will also cross-refer the patient to complementary therapies, where appropriate, to aid recovery. This comprehensive guide provides incontrovertible evidence of the importance of homoeopathy and the energy of homoeopathic medicines. It is essentially a practical book showing how to treat a whole range of conditions and symptoms; it also addresses controversial subjects such as immunisation and the use of mind-altering drugs. It answers many of the questions raised by patients, with examples and case histories.
