

The Law of Emergencies Public Health and Disaster Management

By Nan D. Hunter

Butterworth-Heinemann. Hardcover. Book Condition: New. Hardcover. 408 pages. Dimensions: 10.3in. x 7.3in. x 1.2in. The Law of Emergencies introduces the American legal system as it interacts with emergency management and public health issues. Hunter engages with and debates some of the most important Constitutional issues of our time, such as the tension between civil liberties and national security. She also shows how the law in this area plays out in the context of real life emergencies where individuals often have to make split-second decisions. This book covers the major legal principles underlying emergency policy and operations. It analyzes legal authority at the federal, state and local levels, placing the issues in historical context but concentrating on contemporary questions. It includes primary texts, reader-friendly expository explanation, and sample discussion questions. Prior knowledge of the law is not necessary in order to use and understand this book. The contents are organized into 13 substantive chapters plus two additional chapters with problem sets. This makes it especially easy to use for a separate course focused on law. This book satisfies the need of professionals in a wide array of fields related to emergency management to understand both what the law requires and how to...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dr. Barney Robel Jr.
